

CECCHETTI BALLET ASSOCIATES
PHYSICAL CONTACT IN CLASS POLICY

Classical Ballet is a physical activity as is teaching it. Appropriate physical contact between teachers and students in a class is vital to training. Teachers are able to make physical contact with a pupil to adjust a pupils' alignment, for example, when correcting posture. Contact will be made gently and never with force and with regard to the pupil.

Should any pupil, parent or teacher have concerns regarding any physical contact made, please contact the Designated Safeguarding Lead (Emma O'Brien – 07901 553602).
